Objective: Seeking a summer internship in software engineering or data science.

EDUCATION

Texas A&M University, College Station, TX May 2024
Bachelor of Science in Computer Science (Engineering Honors Programs) GPA: 3.59

EXPERIENCE

Texas A&M University Department of Computer Science, College Station, TX August 2021 – Present
Peer Teacher

- Hold weekly office hours for students needing help in their computer science coursework
- Assist TA with running lab sections for the Introduction to Program Design and Concepts course

The Home Depot, Atlanta, GA May 2022 – August 2022
Software Engineer Intern

- Implemented a UI using react for users to onboard distribution centers to the supply chain network
- Used Kotlin to integrate Postgress SQL & Google BigQuery DB to further replenishment processing
- Collaborated with other developers using Jira and GitHub to track and execute the Agile process

Nokia Software, Austin, TX May 2021 – August 2021
Enablement Engineer - Technical Intern

- Automated application demo updates using Python and Jenkins to reduce time spent monitoring upgrades
- Worked with Gitlab and Jira to keep team up to date on the project progress
- Used Django Framework admin to manage application demos before and after updates
- Managed and transferred helm charts across buckets for demos using AWS cloud

Texas A&M Association of Former Students Call Center, College Station, TX January 2021 – April 2021
Engagement Ambassador

- Reached out to alumni, code and organize responses, verify personal information and a sales related role
- Conducted over 50 phone calls per day to collect donations for scholarships given out by The Association

The Men's Wearhouse, Austin, TX March 2019 – October 2019
Customer Service Associate

- Supported Wardrobe Consultants with sales, fittings, and alterations to ensure quality customer service
- Managed 2+ wedding party suit rentals and 20+ prom tuxedo rentals and their fitting each week
- Increased customer flow rate by suggesting a distinction between rental and retail mirrors and fitting room

LEADERSHIP

Progressively Reaching Excellence in Professionalism (PREP), Texas A&M University May 2021 – Present
Service Executive

- Planned 2 fundraisers that raised \$200+ for two philanthropies in the Bryan-College Station area
- Facilitate weekly park clean-ups with 10 members of PREP for the Keep Brazos Beautiful project
- Lead 9 freshmen to create a community presence for 70 PREP members by creating service events

SKILLS

- Experience in Java, Python, and C++, Jenkins, Gitlab, Jira, Django, React
- Knowledgeable in Linux, AWS, Windows, MacOS, Microsoft Office
